1997 - 2000	Warsaw University of Economics and Computer Science

Languages

English	Advanced
Spanish	Basic
Polish	Native

Summary

I'm an experienced Senior Front End Developer. I live in Spain, but I come from Poland. In Warsaw, I worked as a Web Developer and Team Leader in the big polish bank GNB. Currently, I'm working remotely.

I have a piece of profound knowledge of Frontend architecture and technologies. I used all major frontend frameworks: Angular (1 and 2+), React and Vue. I'm familiar with server rendering tools, like NextJs or Nuxt. I also have some Dev Ops experience, mainly AWS.

Best regards,

Zbigniew Stepniewski
